

# Smiles go everywhere — so should dental benefits

Delta Dental's<sup>1</sup> mobile web helps ensure enrollees never leave their dental benefits behind.<sup>2</sup> Our mobile web services prioritize our most popular online features, giving enrollees the information they use the most and allowing them to manage their plan in a few simple touches.

## From our mobile site<sup>2</sup>, enrollees can:

- » Find participating dentists in their area, search by specialty or look for dentists by name
- » Save paper and time by presenting ID cards straight from their smartphone
- » View plan basics, including annual deductibles and maximums
- » Check status of claims and view pre-treatment estimates
- » Manage preferences such as paperless billing and account information

## Get all the top features without the clutter.

With simple, streamlined services at their fingertips, our mobile web is easier than downloading an app. Enrollees can save that extra memory space on their smartphone for the things that keep them showing off their healthy smiles.

Take a look for yourself by visiting [deltadentalins.com](http://deltadentalins.com) from a smartphone and selecting "Visit Mobile Site".

<sup>1</sup>Our enterprise includes Delta Dental of California, Delta Dental of Pennsylvania, Delta Dental of New York, Inc., Delta Dental Insurance Company and our affiliate companies.

<sup>2</sup>Delta Dental's mobile web is optimized for iPhone and Android phones; iPad displays full site version. Mobile web is not currently optimized for enrollees in DeltaCare<sup>®</sup> USA plans; however, the full site can still be accessed through a smartphone.
